  The laws governing MLM companies in Korea regarding International Sponsoring.
  Just as is true elsewhere in the world, the upline follows the international Forever Business Owners into Korea.
  However, in Korea, each Forever Business Owner must have a Forever Business Owners` Business License (issued by the Korean government) or be a legalized Resident of Korea in order to receive bonuses from his/her own downline.
  One of the requirements for getting a Business License in Korea is to establish residence in Korea.
  So in most cases, foreign forever business owners cannot meet these conditions (becoming a legal Resident of Korea) and they are bypassed during bonus calculations. The only requirement on receiving the personal bonus on personal purchases is that you must have a bank account in Korea.

FREQUENTLY ASKED QUESTIONS

FBOS WHO WISH TO SPONSOR PERSONS LIVING IN THE CARIBBEAN ISLANDS

- **Currently, most of the Craibbean Islands have not been opened to do business as Forever Business Owners. The exeptions are:**
  - Puerto Rico, which is part of the United States system
  - St. Thomas, which is part of the United States system
  - St. Johns, which is part of the United States system
  - St. Maarten, which is part of the France system
  - Martinique, which is part of the France system

- **The Company has not applied for product approvals or licensing in the remaining Islands. This means that FBOs cannot resell products, but they can order them from the United States for their personal use only. The process is somewhat cumbersome, but we have no other options.**
  - Persons living in the unopened Islands should sponsor into the United States system.
  - Products should be ordered via the USA website (www.foreverliving.com). Select USA in the upper left-hand corner, then Forever Business Owner Login in the upper right-hand corner.
  - Orders must be shipped to a USA address, so the FBO needs to have a friend or relative with a USA address. We cannot ship to addresses outside of the USA.
  - The friend or relative would then need to forward the package via mail or transport service to the FBO's Island address. THE FBO IS RESPONSIBLE FOR ANY IMPORT DUTIES OR TARIFFS REQUIRED.
